gions when petroleum speculations were at the highest, came out bald-

headed and with a tired appearance.

A VIEGINIA CATASTROPHE.

Here they took a steamboat to the mouth of Red river. They ascended that river in a boat to Natchatoches, Glade Spring, in this county, was, and from there marched on foot across on Monday, thronged with soverigns the country to Nacogdoches. While from all parts of the surrounding country to witness the ascension, as advertised for that place on that day. According to announcement, the traveling show of Prof. H. Hoffman made doches. It occurred to me that the its appearance, and at once prepared letter might be interesting to at least a for exhibition. The performance was usually accompanied by a balloon ascension. Their large iron furnace was put to work, the balloon hoisted over battle, written by one of the actors it by means of two poles on either side | upon the ground where it was fought, 40 feet high. The balloon was inflated and almost before the smoke of battle with a small quantity of gasoline added. When the balloon was filled as usual, Mr. Hainur, the zeronaut, was informed, but he said: "I want more my letter of the 25d inst, you will read gas this time." Two pints more of oil this one with but little interest, for was put in, and, when exhausted, the there has nothing of importance trans-

SAN JACINTO.

A.Boy Soldier's Account of the Battle that Achieved Texan Independence.

To the American. In the process of arranging some furniture I found the subjoined letter, which I had thought for many years

had been lost. It was written by my

brother, under date of "Galveston

Bay, Tex., April 28, 1836," and gives a brief account of the battle of San Ja-cinto. He was a boy, at the time, of

about nineteen years, and joined a company of boys about the same age, in the month of December, 1835, at

Columbia, Maury county, who started

to Texas to aid Gen. Houston in his war with Mexico. They marched from Columbia to Nashville on foot,

the trembling, nervous audience below, the patched and dilapidated can-vass split from bottom to top with a report that was heard for miles away. The effect was terrible. Nosooner had east. Santa Anna marched with solid the gas e-scaped than the balloon col- column to the attack; but they were lapsed and came shooting down as swiftly as it had darted up. The aeronaut saw his situation, and quick as lightning turned himself up and regained his hand hold, and commenced spent that night in fortifying. expectmanouvre to dodge a telegraph wire ing an attack that night. Next mornand post toward which he was falling. ing Gen. Cos reinforced him with 500 men. We were then determined to make an attack that day. Accordingbounced him up a sumersault, to be ly we were ordered to form for buttle aught and pressed down by the bal- on the 21st about 4 o'clock P. M., which loon. All this was the work of a mo- was done in a few minutes, but our ment. The crowd was literary paral- cavalry were discovered by the almost yzed, women sickened and fainting, as soon as they were formed. They and men unable in their borror to opened their cannon on us at the dismove. The companions of the unfor- tance of one-half a mile, but with no tunate man stood riveted to the effect. The orders were instantly givground, and not until some citizens en to charge, which was done with undertook to move the canvass, did such rapidity that they scarcely saw they stir. The man was found to be us before we were within rifle shot of alive and perfectly conscious, but them. They then opened a most tredreadfully braised and mangled. He mendous fire of musketry upon our went through it all calm and cool, and lines, still boring away with their long described his feelings, as decending he saw and felt death staring him in the we arrived within 40 paces, when we face. He was taken to the hotel, where Mr. and Mrs. Thompson did all in their power to relieve the suffering man. With all the aid, nothing could be accomplished, and at 11:30 o'clock and over the field. But Santa Anna o, m, he paid the penalty of death for left in haste with a few of his frightenils fearful recklessness. To Nat Baxter, Esq. P. S.—Our watch-word was, Alapao!

NATHANIEL BAXTER, A Timid Administration.

The resolution of the Washington by the people. Wells, Anderson, Executive "not to remove Cornell at Hayes and Sherman are linked togeth- present," and to remove him only in I desire to say to my old customers and others, that Istill make Boots and Shoes, and that no one else is authorized to sell them. Any person or merchant pretending to sell my Boots or Shoes, is defrauding the solong as free institutions exist. The fession that the President has been impudence of such leaders of the ad-bulldozed by the machine managers ministration as Wells and Patterson, until he is afraid to execute his preten-of South Carolina, is sublime. Both of ded civil service reform order, and them are indicted for the most infa-mous crimes. But they would have the country believe that they are poor, persecuted innocents—martyrs to the cause of truth and justice. Wells commits perjury, prostitutes the sanctity of gard the order, and expressing the dettie ballot-box, and elects a President sire to bring the executive tomahawk by throwing out ten thousand votes. Compared to the provided the provided that the provided the provided that the provided tha hundred and fourteen thousand dol-lars of scrip to another patriot for the trant Cornell to keep his word. Corourpose of bribing the South Carolina nell gave fair notice that he would legistature. Both of these creatures neither resign the Government office are indicted; yet they are high priests, he held nor retire from the manage-ministering at the altar of an adminis- ment of the party machine. If Hayes' tration which is so pure that it will not order and Hayes' werd had been permit an office-holder to exercise the meant for anything but cheap "bunrights of freemen in elections. Wells combe," Cornell's official head would rewarded for electing a President by have quickly fallen. But it now apperjury, forgery and fraud generally, pears that Haves has completely back-but now it is a crime for him to partie-ed down. The conspicuous Cornell is not to be removed for his open differ-ence of the Executive order; if remov-ed at all, it is to be with others (who have not disobeyed the order). "on the The British Consul at Nicolaleff, ground that an entire change in the New York Custom-house is needed to setroleum is the greatest of all hair in- insure the enforcement of Hayes civilvigorators. In a report to his Gov-ernment he says that a servant for-could present "Hayes' civil-servicesys.

SALT LAKE, Sep. 40.—The apostles black, glossy hair than he possessed before his baldness. The Consul tried counselors of Brigham Young, publish before his baldness. The Consul tried the remedy on two Spaniards who had become suddenly bald and met with the same wonderful success. He then suggested his petroleum cure to the owners of some black cattle which had become bald, and to the professors of horses which had lost their manes and tails. The remedy not only prevented the spread of the disease from which the animals suffered, but also effected a quick and radical cure. The petroleum, he says should be of the most refined American quality. It is to be rubbed in vigorously and quickly with the paim of the hand, and applied at intervals of three days, six or seven the sum of the president John Taylor be assisted by at intervals of three days, six or seven President John Taylor be assisted by times in all, except in the case of horses that have tails and manes, where more applications may be necessary. The experiment will not be wholly a new one in this country. It was result is and paying tithing. and paying tithing the people who went into the oil re-
